### Horizontal CaseLight Open Case LED Lighting Fixtures Introduced

LED Lighting Modules for Reach-in, Produce, Dairy & Prepared Food Display Cases

Peabody, MA – October 3, 2012 – International Light Technologies (ILT), a leading designer, manufacturer and distributor of LED-based lighting products, has introduced Horizontal CaseLight Open Case LED Lighting Fixtures.

ILT Horizontal CaseLight fixtures are easy-to-install, cost-competitive replacements for existing energy-inefficient, high maintenance fluorescent lights in reach-in, produce, dairy & prepared foods open display cases in Grocery and Convenience stores.

ILT Horizontal CaseLight LED Lighting Fixtures incorporate all of the benefits of LED lighting and are also equipped with adjustable mounting brackets to provide accurate positioning of the light on food items in the case.

"The addition of Horizontal CaseLight LED Lighting Fixtures for open cases is a natural complement to our Vertical CaseLight LED fixtures used to replace fluorescent lights in cooler cases", said Thom Connolly, ILT's President and CEO. "In fact, one of the first installations of Horizontal CaseLight is in a Grocery store where our vertical CaseLights are already installed."

Pete Couture, CaseLight Product Manager, added, "Horizontal CaseLight Open Case LED Light Fixtures are also being installed in Prepared Food display cases in Convenience stores. Many "C-stores" are adding Grab n' Go food product items (sandwiches, etc.) to their in-store offering. CaseLight Open Case LED Lighting makes that display case really stand out and attract customers, no matter where that case is located in the store."

Horizontal CaseLight Features Include:

- Replace Existing Food Display Case Fluorescent Lights Easily
- DLC Listed (DesignLights Consortium) - Utility Rebate Eligible
- 1 CaseLight LED Module Typically Replaces 2 Fluorescent Bulbs
- Adjustable Mounting Brackets Put The Light on the Product
- Long Fixture Life – YEARS vs. Weeks/Months
- 5 Year Warranty on Horizontal CaseLight & Power Supply
- All CaseLight Fixtures Made in the USA
